

BEST PLACE TO IMPRESS OUT-OF-TOWNERS Pier W

There are plenty of restaurants that serve tasty grub, but not many serve jaw-dropping views with it. That's why you take big-city guests to Pier W, a sleek seafood salon perched high on a cliff overlooking Lake Erie. Regardless of the time of day or season of the year, the combination of a great lake, a great meal, and a great view of the downtown skyline has never failed to knock the highfalutin socks off our visitors' big-city feet.
